

**NOTE:**

This plan is a representation of a cable ('asset') that is not owned or maintained by United Energy Distribution Pty Limited ('UEDPL'). UEDPL and its employees, contractors and agents make no representations as to the accuracy of this plan. All inquiries about this asset should be directed to the asset owner listed below. You will need to obtain its full terms and conditions to carry out excavations within the vicinity of this asset.

The asset owner must also comply with relevant regulatory requirements including the Electricity Safety Act 1998 ('the Act') relating to relocating existing assets and installing new or additional assets. If, under the Act, the asset owner is required to re-submit modifications to this plan to UEDPL, it should ensure that any such modifications meet UEDPL's minimum plan standards.
